

COMPANY PROFILE

Supplier Diversity Experts, LLC (SDE), is a minority, woman and disadvantaged (M/W/DBE) firm specializing in supplier diversity and the integration of these businesses into a corporation's supply chain. We are MWBE certified by the City of Boston and MWBE certified by the Commonwealth of Massachusetts as well as DBE certified by Massachusetts Department of Transportation Unified Certification Program. SDE is a Global consulting firm serving the private sector, educational institutions and transportation authorities. We assist corporations, municipalities and institutions to increase their M/W/DBE, LGBTQ, and VET goals and provide the tools to enable them to embed the utilization of diverse businesses into their supply chain. SDE is the leading consulting firm dedicated to enhancing the economic development of diverse businesses and supplier diversity programs.

THE TEAM

SDE has partnered with the Diversity Consortium, started to overcome decades of sluggish supplier diversity growth by enhanced visibility to vetted XBEs, incorporating sustainable supplier improvements, and mitigating COVID-19 supplier impact and social justice issues.

Having a formal supplier diversity program is a key characteristic of the most successful corporations; 92% of Forbes Top Companies have formal Supplier Diversity Programs for their supply chain, along with Diversity & Inclusion Programs for their Human Resource efforts. For these companies, negative financial and reputation implications can result from not having a viable program in place. There may be penalties from contractual obligations or State and Federal regulations, at times simply losing business.
